

Mutual Exchange Agreement
Between
the College of Agriculture, Life & Environment
Sciences,
Chungbuk National University
And
the Faculty of Agriculture and Life Science,
Hirosaki University

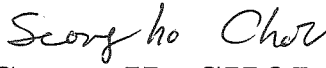

The College of Agriculture, Life & Environment Sciences, Chungbuk National University, and the Faculty of Agriculture and Life Science, Hirosaki University agree to promote friendship between Korea and Japan, and cooperation regarding education and scientific research in the following areas:

1. Exchange of scientific information;
2. Cooperation regarding research, symposia and related activities;
3. Exchange of faculty and administrative staff;
4. Exchange of undergraduate and graduate students;
5. Mutual contribution to the development of additional educational and research programs.

Both colleges, in promoting these exchange programs, shall do so on a basis of reciprocity and egalitarianism, with respect for cultural and institutional differences, and after thorough consultation with the affiliated college.

Either college may make proposals for specific programs, to be enacted after consultation with the affiliated college. In certain cases, separate protocols may be created to cover the details. The exchange of staff and students will follow these protocols, which will clarify research and living expenses.

This agreement is effective for 5 years from the date when both representatives sign and can be changed, renewed and terminated by mutual agreement.
